Dear Ms. Harris:

Subject: Micro-Pak
Enhanced Packaging Sheets (EPA Appl. No. 88401-E)
Additional Material in Support of Application for Registration

Enclosed is the Enforceable analytical method for the application for Registration of a sodium metabisulfite product, Enhanced Packaging Stickers. This is to comply with our commitment to submit the outstanding data supporting the application. The 75-day letter also mentioned the submission of storage stability data. We are presently working on supplying that information at a later date. We request that this data be required as a condition of registration.
